Re: Mrs. Mills and Dr. Hall.

Interview with: Mrs. Harkins, 108 Richardson St., New Bruns.

Operative interviewed Mrs. Harkins at her home this evening in reference to her seeing Mrs. Mills and Dr. Hall walking out Eastern Ave. towards De Russey's Lane.

Mrs. Harkins states that she first saw Mrs. Mills walking out towards the lane and then later Dr. Hall passed her going out. Neither of them spoke to her or noticed her. She states that other times when she saw Dr. Hall on the streets he would nod and say "hello" to her, but this night he did not let on that he noticed her. Mrs. Harkins states that it must have been about five or ten minutes to eight o'clock because she looked at the clock on the Vocational School after she saw Mrs. Mills and Dr. Hall and the clock was 8 P.M. She further stated that she did not see Jim or Harry Mills. She also stated that there were a number of people walking towards the City because there was a foot ball game out Eastern Ave. that afternoon and it ended late. Mrs. Harkins stated that she has made statements to the prosecutors.
